Escambia County's Literacy Association has selected Jonathan Clausell as the Escambia 2024 Literacy Teacher of the Year. Mr. Clausell is a Kindergarten teacher at C.A. Weis Elementary. His passion is teaching the foundational skills of reading and building a love of writing. He develops a classroom culture that encourages students to have a positive attitude and to persevere. Jonathan uses data to identify students in need of support and matches the appropriate intervention to their need. He serves on the school Literacy Leadership Team, is grade level chair, contributes to district curriculum committee work, presents district sponsored workshops on teaching writing, and serves as a model classroom where teachers throughout the district come to see best practices in action.

Mr. Clausell was nominated by his peers, his application was one of three top submissions and he was subsequently selected after his interview. During his interview Mr. Clausell shared the importance of earning ESOL Endorsement to support our ever growing second language learner population and promoting family engagement to increase literacy. Mr. Clausell will submit his application for the Florida Literacy Association Teacher of the Year in the fall.

Calling all MTSS and  
Literacy Leadership  
Teams!

Ask your principal about  
signing your team up for  
a workshop on under-  
standing reading data  
and interventions. We  
will look at our reading  
data and what that tells  
us about what students  
can do and what inter-  
ventions are best for  
them.

## Looking forward to 2024-2025!

- Links to ELA resources will be in Canvas next year! If it is in the Google Drive now, it will stay there, but Canvas will help us centralize our links and Mastery Connect will help organize pacing of assessments. You can check the Escambia Module addendums and frameworks from there.
- Look for the updated pacing guide/ calendar for your grade level on the Module Addendums/Frameworks-linked in Canvas. We continue to revise our resources as HMH makes updates in ED; (i.e., instructional routines, Daily Show and Teach slides with Heart word routines, etc.). K-2 will have updates to the Daily Show and Teach slides.
- Make a plan for a strong start! Go ahead and begin with the curriculum from day one. HMH has great classroom routines. Teaching and reinforcing classroom routines/procedures while using the curriculum from day one will allow students to learn expectations, make smooth transitions, and will thus maximize instructional time. Module 1 may take a bit longer, but it is good to "Go Slow to Go Fast!"
- Visualize the space in your room. HMH has many tools for teachers to display to enhance their Tier 1 instruction as well as provide supports and scaffolds for students throughout the year: make large anchor charts to post, get a pocket chart for the vocabulary cards, plan to put up the sound-spelling cards, fix a space for the knowledge map.
